

Growing The UK Nutrient Platform

AIM: To establish a cross-sector UK Nutrient Platform for all stakeholders with interests in sustainable nutrient use and recycling, nutrient management and security and environmental impact.

Royal Society of Chemistry | Burlington House | London

In November 2014, the concept of a UK Nutrient Platform was introduced at a successful event in Leeds. See [here](#) for summary.

This second event will be an opportunity to meet other stakeholders and participants and to define organisation, funding, objectives & actions.

Register your interest

*To be on the mailing list for this and other UK Nutrient Platform events, please mail the event manager at:
info@link2energy.co.uk.*

More details and full programme to follow.

Please note—if you did not attend the first event in Leeds, don't let that put you off participating in this or future events. You are welcome to attend.
